

Celebration Packages

With 3 entertaining areas, plenty of space on the dance floor, two bar options and a heated 6 person spa (for the daring), you won't find anything else like it in Sydney harbour. Let Karisma's LED lighting and glass floors set the party mood while the DJ plays all your favourite tunes right next to the dance floor. Or just bring your own playlist along and we'll turn it up on our own inbuilt sound system, so you can enjoy it wherever you are on the boat.

*Please note that these prices are applicable to bookings between February and October. November to January bookings incur a \$600 surcharge, but offer the same savings. All prices may be subject to change if booked more than 3 months in advance. Our packages are ideally priced for groups of 40-50 guests. Please contact us to get a customised package put together based on your guest numbers. Please also note that all prices may be subject to change if booked more than 3 months in advance.
