# Christmas Party Packages

If you're in charge of this year's Christmas party, the chances are you're feeling the pressure to come up with something special. Planning one of the most expected events of the year can be very stressful but it's also the best opportunity to impress and reward, and we're experts at impressing.

With plenty of space and amazing features, Karisma is guaranteed to be a party pleaser. From the moment you board you'll receive a warm welcome from our hospitality team. You might then make a stop at the bar for a welcome drink, pass through the glass floor showcasing the water underneath you and head to the spacious upper deck for 360 degrees views of Sydney Harbour.

\*Our packages are ideally priced for groups of 40-50 guests. Please contact us to get a customised package put together based on your guest numbers. Please note that all prices may be subject to change if booked more than 3 months in advance.
